

## PORCELAIN

Decked out in colours. Dishwasher-safe without firing. Just paint, leave to dry, done. Water-based, odourless and non-fading. Dishwasher-safe after 3 days drying time (max. 50 °C). To speed up the drying process or in combination with the Marabu Porcelain & Glas Painter, the paint can also be fired for 30 minutes at 160 °C.

### TIP

Note the following to ensure you can enjoy your glass and porcelain painting for a long time:

- Pre-cleaning: Thoroughly clean the porcelain with washing-up liquid or an abrasive cleaner and a sponge before painting. Then rub off any finger prints with Marabu Cleaner or white spirit.
- Do not pre-clean the dishes in the dishwasher.
- Cutting surfaces and drinking edges should not be painted as abrasion from cutlery can damage the painting.
- Arcopal/Pyrex dishes will not be dishwasher-safe after painting.
- Porcelain, Glas and Porcelain & Glas Painter are also ideal for combining: Simply fire in the oven after drying (approx. 4 hours) at 160 °C for 30 minutes. Afterwards the dishes will be dishwasher-safe up to max. 50 °C.
